意蕴昆仑

# ECO SENSE

The layout, scale and texture of the elegant villas at Six Senses Con Dao, Vietnam, are designed to resonate with the remote cove setting in which they are located.

越南Six Senses昆岛项目中的别墅无论是设计方案、规模还是质感，都旨在与周边的海湾环境相呼应。

Located in Vietnam's Con Dao archipelago, the new Six Senses Con Dao Resort, developed by Indochina Land, presents 15 private villas for sale along a dramatic coastline setting of sloping dunes and turquoise waters. Contemporary yet rustic, the villas employ a natural palette of materials to complement the tranquil setting.

The Six Senses brand has become renowned for integrating eco concepts into their luxury resorts, and this project is no exception. Simple design solutions ensure low environmental impact, including maximising natural light and ventilation. Each villa is constructed using an intricate pattern of timber frames, made from Indochinese hardwood sourced from sustainably managed forests and granite found locally on Con Dao Island. The homes are also situated within the natural slope of the dunes to provide continuous views.

Villas range from three bedrooms with 542 sq m of living space to four bedrooms with 671 sq m of gross floor area on average plots of 2,000 sq m. The pinnacle Hill Retreat Villa has five bedrooms, two swimming pools, an entertainment room and wine cellars, all in a total space of 790 sq m. Villas include private massage pavilions and indoor and outdoor garden bathrooms, and come well appointed with custom kitchens, electrolux home appliances, built-in sound systems, flat screen TVs and Wi-Fi.

Owners can opt to participate in the villa rental programme and also receive 20 per cent off all Six Sense Con Dao resort services offered in the hotel, tropical spa and restaurants. The Six Sense Con Dao resort is around 230 km from Ho Chi Minh City and eight km from Con Son airport. 

**新** 建成的Six Senses昆岛度假村位于越南的昆岛群岛，这个由Indochina Land开发的项目共有15座待售的私家别墅，这些别墅位于遍布沙丘的海岸线旁。别墅既现代化，又不失淳朴风情，建造过程中使用了一系列天然材料，与周边的安静氛围相得益彰。

Six Senses品牌将环保理念注入豪华度假村而出名，这个项目也不例外。简单的设计方案确保了对环境的影响降到最低，包括将自然光和通风最大化。每座别墅建造的时候都使用了精美的木构架，用于制造构架的印度支那硬木来自可再生森林，而花岗岩就来自于昆岛。别墅位于沙丘的天然斜坡上，景观很连贯。

别墅里既有起居面积达542平方米的三卧别墅，也有起居面积为671平方米、平均占地面积为2,000平方米的四卧别墅。最出众的Hill Retreat别墅中有5间卧室、2座游泳池、1间娱乐室和酒窖，总面积为790平方米。别墅中有私家按摩室、室内外花园浴室、个性化厨房、伊莱克斯家用电器、嵌入式音响、平板电视和无线网络。

业主可以选择加入别墅租赁项目，享受Six Senses昆岛度假村酒店内、热带温泉水疗室和餐厅的服务时，可以打八折。Six Senses昆岛度假村距离胡志明市230公里，距离康森机场8公里。
